AS PLACE OF MEETING

RUSSIA HAS FINALLY DECIDED TO ACCEPT CAPITAL CITY OF UNITED STATES.

AT DIRECTION OF THE CZAR

FOREIGN OFFICE AGREED TO LET THE PEACE ENVOYS MEET IN WASHINGTON.

St. Petersburg, June 19.—Russia has finally definitely accepted Washington as the meeting place of the Russian and Japanese plenipotentiaries, the foreign office having waived its request for reconsideration at the personal direction of the emperor, whose desire to give the fullest and fairest opportunity to President Roosevelt's proposal for a peace conference is hereby manifested.

After his conference with Ambassador Meyer, Count Lamsdorff, the foreign minister, went Saturday night to Peterhof and laid the matter before the emperor, who, on learning that insistence on The Hague might endanger the negotiations, directed Count Lamsdorff to inform Ambassador Meyer that Russia would accept Washington.

It was after midnight when the foreign minister returned from Peterhof, but Ambassador Meyer was forthwith notified and a cipher dispatch was prepared and sent to the state department at Washington at an early hour Sunday morning.

Count Lamsdorff Sunday afternoon issued a public announcement of the selection of Washington.

The result is looked upon as a decided triumph for American diplomacy.

In certain quarters here envy and jealousy of the United States are ill concealed. The entire collapse of negotiations was predicted Saturday and there was almost open exultation at what was declared to be the "rebuff to Roosevelt." Even in peace circles gloomy faces were drawn at the report that Russia would insist upon The Hague, but thanks to the personal attitude of the emperor and to the well put representations of Ambassador Meyer, the threatened diplomatic mountain decreased to a mole hill over which negotiations can now proceed rapidly.

May Not Balk at an Indemnity.

The Gazette, which is known as a mouthpiece of the foreign office, declares that nothing is yet known regarding Japan's terms. It intimates that Russia may not balk at an indemnity, significantly stating that international control of the Chinese Eastern railroad is possible as a means of insuring payment of an indemnity. It says that the plenipotentiaries will have special powers and may be authorized to conclude peace.

Although the way has thus been smoothed for a peace conference, the operations in Manchuria appear to be in full march toward a big engagement, the Japanese having pushed forward as far as Liaoyangchungkeng (Liaoyangwopeng) west of the Liao river, thirty-three miles north of Fokomen. The Japanese have strong forces here as well as in the rear of Lieutenant General Linevitch's advance detachments near Chantufu, and even threaten the flank of the fortified position at Sipinghai, where General Linevitch intended to offer battle but from which he pushed far to the southward during the months of inactivity on the part of the Japanese army. It is not known here whether General Linevitch will retire slowly on those positions or whether, as he intimated recently in an interview with the correspondent of the Associated Press, he intends to meet the Japanese flanking operations to the westward by a counter offensive movement.

THREE PLENIPOTENTIARIES.

Russia and Japan Have Tentatively Agreed to Appoint That Number.

Washington, June 19.—Russia and Japan have tentatively decided each to appoint three plenipotentiaries to represent them in the Washington conference. M. Nelidoff, it is understood, has already accepted the chairmanship of the Russian mission and is being consulted about the selection of his associates, but Washington has not heard whether Marquis Ito's health will permit him to come as the ranking Japanese plenipotentiary.

The belief here is that Field Marshal Yamagata will be designated in Ito's place should the marquis be unable to accept. It is expected that the conference will convene here about the middle of August.

Pending the official announcement of the plenipotentiaries little progress toward the arrangement of an armistice is being attempted on either side. Japan will not take the initiative in requesting an armistice. It is improbable, however, that she would insist on Russia's making the request. It is

generally expected that when the missions have been announced the president will suggest to the belligerents the advisability of a limited truce and that this suggestion will be accepted. Instructions will then go to Linevitch and Oyama to sign the armistice.

The whole question of an armistice has been informally discussed at the White House, and the belief in diplomatic circles is that there will not be a hitch on this score. Japan prefers that the armistice should be signed in the field by the Russian and Japanese commanders and there are indications that this will find approval in St. Petersburg.

President's Tact Commended.

General commendation is voiced in diplomatic circles of the president's tact in not communicating to Japan the suggestion from St. Petersburg for a reconsideration of the selection of Washington for the conference. The irrevocable opposition of Japan to any capital of Europe was a matter of common knowledge in Washington and transmission of any such suggestion, it was realized, would only invite an emphatic refusal from Japan and possibly seriously menace the convening of the conference.

It was learned Sunday that the issuance of the authoritative statement on the subject from the Russian embassy here late Saturday night was based upon advices from St. Petersburg that the selection of Washington was to be officially announced in the Russian capital, thus removing any doubt on this score. There has been speculation among diplomats as to the reason for Russia's suggestion, one being that it was based on a misunderstanding as to the finality of the decision to select Washington and the other that the St. Petersburg government believed the president greatly preferred The Hague. Both explanations, however, are unofficial and in view of the Russian embassy's authoritative statement, the incident is regarded as closed.

Pessimistic reports from Europe about the Washington conference are not shared by the diplomats here.

President Roosevelt spent the latter part of the evening quietly at the White House, after an outing of some hours along the shores of the Potomac river.

TO CALL OFF STRIKE

BELIEVED THAT CHICAGO TEAMSTERS WILL END THE LABOR WAR THIS WEEK.

Chicago, June 19.—It is now freely predicted by both the members of the employers' association and labor leaders that the teamsters' strike, which has been in progress for over two months, will be a thing of the past before the end of the present week.

According to one of the officials of the Chicago Federation of Labor, the strike will be called off entirely by the strikers themselves. As a step toward this end it was decided Sunday at an executive meeting of the Chicago Federation of Labor to begin missionary work Monday with members of the teamsters' joint council. The plan is to work on these officials and bring a majority of them in favor of calling off the strike. When this has been accomplished these members of the joint council are to advocate such a course to the strikers and when it is assured that a majority of the strikers have come to the same way of thinking a referendum vote of the strikers will be taken on the question. The strikers would rather call the strike off than accept the terms of settlement proposed by the employers' association.

Several important witnesses, it is said, will go before the grand jury during the day and tell what they know of the bribery charges in connection with the labor troubles in Chicago. State's Attorney Healey said the testimony to be given this week would be of an even more sensational character than that of last week and that before the adjournment of the inquisitorial body a number of indictments against employers and labor leaders would be returned.

Strangled Himself in Jail.

Grand Firms, N. D., June 19.—Bertal Aase, aged thirty, killed himself in the county jail during the morning in a novel manner. He twisted the chain in a toilet room around his neck, leaned forward and strangled to death. When found by Sheriff Turney he was standing almost upright, and the chain gave way at the first touch. Aase showed signs of insanity a year ago.

TWENTY-FIVE KILLED

PASSENGER TRAIN AND FREIGHT

TRAIN COLLIDE HEAD ON AT

PATAPSCO, MD.

NEARLY ALL ARE LABORERS

MOST OF THOSE KILLED WERE

EMPLOYES OF ROAD GOING HOME FROM WORK.

Baltimore, June 19.—The death roll of Saturday night's disaster on the Western Maryland railway now foots up twenty-five and this number is likely to be increased from among the list of those grievously mangled.

All the dead were employees of the railroad returning to their homes in the small towns along the railway to spend Sunday. The train, which was No. 5 passenger, westbound, carried a large number of passengers, all the coaches being filled. As many of the workmen as could do so went into the baggage car, the remainder of the gang of thirty-five finding places on the platform between the mail and baggage cars and between the latter and the tender.

In the neighborhood of Patapsco station, about eight miles from Westminster, the Western Maryland has many curves and that just west of the bridge crossing the Patapsco river is a sharp one. An extra freight made up of heavy coal and provision cars was running east. It should have taken a siding to allow No. 5 to pass. Such were the orders. Why they were disregarded will never be known, for those who should have seen that they were obeyed are dead.

The passenger train was running at a speed of thirty miles an hour and the freight was making good time. Just west of the bridge they came together with terrific force, the three engines being piled on one another.

Victims Scattered Along the Track.

The fearful impact drove the passenger tender into the baggage car and demolished it and the mail car. Along the track on both sides were scattered dead and frightfully mangled men, these latter more fortunate than those who had been in the baggage car and on the engine, for most of them were still pinioned in the wreckage out of the immediate reach of helping hands.

Heartrending shrieks from the injured quickly brought to the scene the inhabitants of all the farm houses nearby. Farmers' wives and daughters made bandages of their clothing

ICE HOUSES DESTROYED.

Armour Property in Wisconsin Fired by Lightning.

Pewaukee, Wis., June 19.—The great Armour ice houses were struck by lightning at night and practically destroyed, leaving their contents of 200,000 tons of ice to go to waste. In addition to the ice houses the residence of the superintendent, the barns, and the boarding house, with fifty rooms, were destroyed. The loss is between \$225,000 and \$300,000. Insurance is not known. The ice houses were probably the biggest in Wisconsin.

Milwaukee, June 19.—Fully 3,500 Woodmen Foresters arrived in Milwaukee Sunday and 1,000 more are en route to participate in the contests in connection with the head camp of the society. Trains brought Foresters from Nebraska, Michigan, Minnesota, Indiana, Illinois, Washington, D. C., Oklahoma, Ohio and Wisconsin.

The arrivals also numbered several thousand delegates, including Head Consul Talbot of Lincoln, Head Clerk C. W. Hawes of Rock Island, and other officers and directors. The Foresters' encampment will be formally opened in the morning. The city has taken on a gala appearance.

BODIES TIED TOGETHER.

Mother and Daughter Supposed to Have Committed Suicide.

Pittsburg, June 17.—Two bodies, presumably those of a mother and her child, were found in the Monongahela river at McKeesport during the evening by river men. Tied tightly about the waists of the woman and the child was a bed sheet, which had been twisted into a rope. The condition of the bodies indicates that they had been in the water for several weeks. The clothes are of good material and indicate that the two came from a home of comfort. The theory that first gained credence was that the woman and child had been murdered, but the belief more generally held by authorities is that the woman deliberately tied the sheet about herself and her daughter and that the two then plunged into the water to die together.

FOR EMPEROR WILLIAM'S CUP.

Yachts Start Out in Race From Dover to Heligoland.

London, June 19.—Nearly all the yachts which started from Dover Saturday in the annual race from Dover to Heligoland for Emperor William's cup, including the American yacht Atlantic, winner of the transatlantic race, remained becalmed and anchored outside the Goodwin Sands off Ramsgate until the finish of the ebb tide Saturday night.

Early Sunday morning a sharp squall developed into a fine whole-sail breeze from the southwest. The yachts, which were then quickly skimming the water at a fine pace, presented a splendid sight.

If the strong wind continues it is believed there will be an exciting finish between the Atlantic and the Earl of Crawford's yacht Valhalla.

MOURN FOR DEAD PATRIOT.

Cubans Sorrow Over Death of General Gomez.

Havana, June 19.—The first day of mourning for General Maximo Gomez, who died Saturday evening, was characterized by cloudy weather and occasional rain sprinkles. The flags of every nation represented in Havana are at half mast over the legations and consulates and from Cabanas fortress a gun booms every half hour. In every street there are long rows of Cuban flags draped in mourning and even the poorest tenements have crept tied to the windows. The Spanish club joined in the mourning by hoisting the Castilian flag at half mast.

The body of General Gomez was taken to the palace, where it now lies in state in the principal salon, surrounded by great masses of flowers sent by relatives, friends, etc. The body is guarded by a detachment of rural guards and several of the general's friends are acting as a guard of honor. Band concerts and performances in the theaters and all social gaieties were wholly suspended.

Congress, at a special session early Sunday morning, decided that the period of mourning shall continue for three days, during which time public business will be suspended. Both houses appropriated \$15,000 for the funeral, which will take place Tuesday.

General Gomez expired at sunset Saturday evening in the presence of his family and President Palma. General Gomez had been seriously ill for forty-six days, though his health had been failing for months. He first suffered from heart and liver trouble and then an abscess developed on his hand, which was operated upon. Gangrene appeared and a second operation was performed, but it failed to give permanent relief and the noted Cuban patriot steadily declined and finally died.

MASSACRED BY PIRATES.

One Hundred and Fifty Siberians Put to Death.

San Francisco, June 19.—News of a terrible massacre of 150 natives on the Siberian coast has been received here in a letter from Petropaulovski, on the coast of Kamchatka. A Morogravenof has written to his brother in this city that in the early part of the year the natives in one of the small settlements down the coast, which he does not name, were slain by pirates. About the streets of the settlement were strewn the bodies of 150 of the inhabitants, shot and cut to pieces by the pirates, who, under the pretence of friendship, had gained a landing on the coast. Robbery was their only motive, for every hut had been looted. Who the marauders were those who escaped could not say, beyond that some Japanese were in the party. When Morogravenof sent his letter the people of Petropaulovski feared an attack on that town.

IN FOURTEEN HOURS FLAT.

Passenger Train Could Run From New York to Chicago.

Cleveland, O., June 19.—The most remarkable railroad run on record was finished here Sunday night when the new eastbound Twentieth Century train of the Lake Shore and New York Central roads arrived at the station in this city twenty-one minutes ahead of time. In the 357 miles from Chicago to Cleveland the new flyer arrived at the three terminals 51 minutes ahead of schedule time, 15 minutes ahead at Elkhart, 101 miles from Chicago; 15 minutes ahead at Toledo and 21 minutes ahead at Cleveland.

The run demonstrated the ability of the train to cover the distance between New York and Chicago in fourteen hours flat.

The arrivals also numbered several thousand delegates, including Head Consul Talbot of Lincoln, Head Clerk C. W. Hawes of Rock Island, and other officers and directors. The Foresters' encampment will be formally opened in the morning. The city has taken on a gala appearance.

ICE HOUSES DESTROYED.

Armour Property in Wisconsin Fired by Lightning.

Pewaukee, Wis., June 19.—The great Armour ice houses were struck by lightning at night and practically destroyed, leaving their contents of 200,000 tons of ice to go to waste. In addition to the ice houses the residence of the superintendent, the barns, and the boarding house, with fifty rooms, were destroyed. The loss is between \$225,000 and \$300,000. Insurance is not known. The ice houses were probably the biggest in Wisconsin.

Six Deaths From Heat.

Pittsburg, June 19.—The continuous high temperature was the cause Sunday of six deaths and three prostrations. Some of the reliable thermometers on the street recorded 96 and 98.

AN \$80,000 SUIT HAS BEEN BROUGHT

By Col. T. W. Harrison, Well
known Land Man Against A.
D. Clarke, of Algona, Ia

INVOLVES INTERESTS NEAR CITY

Breach of Contract and Failure to Assist in Erecting Trolley Line Charged in Complaint

The following from the Iowa State Register will be of interest, from the fact that the plaintiff in the suit is very well known here and for the further reason that the property involved is in this vicinity, and the supposed agreement included a clause providing for a trolley line between here and Mille Lacs lake:

"Action against A. D. Clarke, of Algona, has been brought in the United States court at Fort Dodge for the sum of over \$80,000 by Col. T. W. Harrison, of Topeka, Kan. The action is a suit in equity for accounting and for damages for breach of contract.

"The complaint alleges that in the fall of 1902 Mr. Harrison entered into a verbal contract with Mr. Clarke whereby complainant was to purchase certain lands near the west shore of Mille Lacs lake, Minnesota. By the terms of the contract Mr. Harrison was to examine the lands, look up their owners, examine their titles and purchase them at the lowest possible figures. In return for his services Mr. Clarke was to furnish all the money necessary to pay the expenses of complainant and to make first payments on the lands bought and also to make the subsequent payments as they fell due. Upon Mr. Harrison's request Mr. Clarke was to reimburse him in obtaining title to the lands. These payments aggregated the sum of \$13,000. Though repeatedly asked to recompense him for his outlay of money, Mr. Clarke has failed to do so, except that in July, 1903, he paid him the sum of \$2,500. Mr. Harrison claims that there is still due him \$10,500.

"The complainant further alleges that Mr. Harrison is an attorney of many years practice and that he is especially skilled in determining the titles to lands, and that his services in purchasing these lands and examining and perfecting the titles thereto are worth \$10,000.

"The complaint further alleges that by reason of the failure of Clarke to comply with his part of the agreement and furnish the necessary funds to carry out the contracts for the lands, certain contracts entered into by Harrison were broken and defaulted, and that he has been damaged in his standing and reputation as a business man in the sum of \$10,000.

"Complainant Harrison further alleges that one of the inducements for his

entering into the contract with Clarke was the representations of the latter that he would cause to be built and operated an electric or trolley line from Brainerd, Minn., to the west shore of Mille Lacs lake, running through the lands to be purchased, and that on certain lands so purchased a town would be built and a summer resort established. That all of this Clarke failed to do. That defendant Clarke furnished the necessary funds to carry out the enterprise as provided in his contract, the profits would have been at least \$100,000, and Harrison's share of the same \$50,000. He therefore asks judgment against Clarke for some \$80,000."

CONSTRUCTION WORK

On the M. & I. Out of Northome Has
Commenced, Work Before Having
Been Inaugurated at Ripple

The necessary outfit for railroad construction work has arrived, and actual work begins today, four miles of road being marked out. Camps from up the line have been moved to this end of the right of way. Up to the present time Northome has seen nothing of the railroad work, the work having begun on the Ripple end of the line. The only signs of the work was the sound of distant blasting and the passing through the town of laboring men bound for up the line.—Northome Record.

MORE TALK OF THE SHAFT

H. Jarchow, of Duluth, in City
Making Preparations to Sink
Shaft East of Here

Cole & McDonald have been awarded the contract to operate four more drills on the Cuyuna range, this time for the Northern Pacific railway company. The bids for the work were opened in Duluth on Saturday and Mr. Cole stated today that they had been awarded the contract. The Northern Pacific will explore some of their properties east of this city a short distance and also near Deerwood, and the contract calls for the work to commence at once.

In connection with the sinking of the shaft on Section 8 east of here by the Pickands-Mather company it looks more like business today than at any time for months. H. Jarchow, of Duluth, arrived in the city yesterday and he states that he will have charge of the work of putting down the shaft for the Pickands-Mather company. A shaft 12x20 is to be sunk about 150 feet at present. Mr. Jarchow is busy buying the lumber, supplies, etc., and states that he expects to be at work within ten days and will have the shaft completed in thirty or forty days.

DR. A. W. CHASE'S NERVE PILLS

The man who hesitates, whose eye is dull, whose step is slow, whose mind is sluggish, whose hands tremble, is not the man whom an employer seeks. It is the bright man, the man with the clear eye and brain; the active man, full of energy, life and vigor, whose very manner and presence breeds success; that is sought for and snapped up as soon as seen, and it seems almost pitiful that first class, victims of success of some sort, should exist, when it needs but a thorough course of Dr. A. W. Chase's Nerve Pills to round them into the old-time feeling of physical, intellectual and manly vigor again.

Mr. F. H. Hoyt of No. 724 6th Ave.,
New Brighton, Pa., says:

"I used to have a hard steady I could write the Lord's prayer on a twenty-five cent piece—then as a result of overwork and overstrain my eyes gave out and my hands and nerves generally became trembly. I was restless and could not sleep. I certainly was in bad shape and lost my ability to write—could just scrawl. I heard of Dr. A. W. Chase's Nerve Pills and got some and they took hold immediately. I began to sleep—gain strength—my nerves grew steady—and my eyesight improved greatly. Today I feel finely and can again write as well as ever, and that means a very steady nerve." 50c a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. Portrait and signature of A. W. That His Wife Lied and She Had Plenty
of Money When She Left for
Duluth

John Peterson, the farmer, who has had considerable experience with his wife, from whom he was divorced a short time ago, states that the account of the proceedings in the divorce case were somewhat off. He says that his wife was wrong when she told that she was left at the N. P. depot without any money. The fact is that he gave her \$90 and she had it on her person when she went to Duluth. She left of her own free will and Mr. Peterson states that he was never cruel to her and that the writup was made up of whole cloth. When she went away she said that she would write him after two weeks but she never did.

BUT ONE GAME IN NORTHERN LEAGUE

Yesterday, When Duluth Beat
Fargo by the Very Close
Score of 3 to 2.

Duluth, Minn., June 19.—There was but one game played in the Northern league yesterday and that was between Duluth and Fargo on the local grounds. The game was one of the best ever seen here, the final score being 3 to 2 in favor of the champions. The score:
Duluth.....2 0 0 0 0 0 1 x—3
Fargo.....0 0 1 0 0 0 0 1—2
Batteries—Erickson and McAleese; Berrigan and Jarvis.

LOST BOTH GAMES.

Saturday St. Brainerd lost both games to Duluth in a double header, the scores being Duluth, 10, 5; St. Brainerd, 5, 4. Johnson, a new man, was in the box for the twins in the first game and pitched fairly good ball. Speicer pitched the second game. The scores:
Duluth.....0 0 0 0 1 5 4 0 x—10
St. Brainerd.....2 2 0 0 1 0 0 0—5

WINNIPEG, 4; GRAND FORKS 3.

Winnipeg, June 19.—After winning five straight games from home, the Maroons opened a long series here Saturday, defeating Grand Forks in an interesting and well played game. Bond, for Grand Forks, struck out 16 men, making a new league record, but hits by the locals came when needed. Four two baggers all counted in the score. Both teams played fast in the field, a sensational catch by Howells, retiring the side in the ninth, being the feature. The score:
Winnipeg.....0 3 0 0 0 0 1 0 0—4
Grand Forks.....0 0 0 1 2 0 0 0—3
Batteries—Maloney and Rogers; Bond and Leach. Umpire, Egan.

DULUTH HAS TROUBLES.

The end of the week in the Northern league finds the teams fairly well bunched with the exception of the Champions, but the Duluth team is having its troubles and before another week is checked off the race promises to be much more interesting, says the News-Tribune. Accidents have handicapped the champions and they are now playing their games with three pitchers in the line up. Mullen, released by Crookston, has been signed to pitch for Duluth during Potts' hospital visit.

From the standpoint of attendance baseball in Duluth is a failure this season and the management is working hard trying to locate the difficulty. Duluth fans refuse to go to games if their team wins too many battles and they refuse to go out if the team strikes a losing streak. They refuse to go if the

games are called at 3:30 o'clock or at 4 o'clock or at 6:30 o'clock. The management has tried all these different starting times, but it is always the same. Duluth wants a winning ball team and will not support the men who are trying to give the town a winning team. Attendance figures average about 150 per game and this will not pay salaries.

HIGH CLASS VAUDEVILLE.

The patrons of the Brainerd opera house evidently found the first two vaudeville programs of the Orpheum vaudeville company to their liking, and no doubt will be interested in the third offering which will be presented next Saturday evening. There will be ten big acts.

The children, and ladies also, are looking forward with much pleasure to the forthcoming matinee performances of vaudeville at the opera house each Saturday afternoon. There will be an entire change of bill each week. Of course the ladies and gentlemen who can attend in the evening will find much to entertain them.

DON'T BE SATISFIED

Don't Be Content With Relief When
There is a Certain Cure.

Don't be satisfied with mere relief. Brief freedom from backache. The pain returns when you stop the medicine.

Get a remedy that cures. Doan's Kidney Pills make permanent cures. Testimony of Brainerd people proves it.

Here's a Brainerd case: Mrs. S. Brainerd, of 601 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time after time I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer.

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.

SITUATION IMPROVED

GERMANY AND FRANCE APPEAR
LESS BELLIGERENT OVER
MOROCCAN QUESTION.

INTERNATIONAL CONFERENCE

FRANCE VERY LIKELY TO AGREE
TO GERMANY'S SUGGESTION
THAT ONE BE HELD.

Paris, June 19.—The improvement in the Franco-German situation took a more definite turn Sunday, as the semi-official version of Saturday's conference between Premier Rouvier and Prince Radolin, the German ambassador, became known. This version shows that the ambassador asked France to accept the plan of an international conference, leaving the details to be adjusted later. Premier Rouvier answered that he desired at first to be advised upon Germany's object in securing the conference and the questions it would be called upon to consider.

As the result of instructions from Berlin, Prince von Radolin was able to respond to these inquiries and to give definite information regarding the German government's ideas upon the scope and limitations of the conference. More particularly was he able to relieve the conference plan from any appearance of being a menace to France or of being a preliminary step to override French prestige in Morocco.

With these explanations, pourparlers will continue with a good prospect of resulting in a definite agreement. There was, however, a necessity for further exchanges between the governments with the view of fully defining the extent of the conference.

Premier Rouvier also conferred at considerable length with Paul Cambon, the French ambassador to Great Britain, following the latter's conversations with Lord Lansdowne, the British foreign minister. These conversations showed that the British declaration to participate in the conference had been entirely free from the belligerent tone ascribed to it.

Moreover Great Britain is resolved to adhere to Article 9 of the declaration of April 8, which says:

"The two governments agree to lend each other diplomatic support for the execution of the clauses of this declaration."

Great Britain intends to loyally interpret this article and according to

the indications furnished by her will assist France in settling Moroccan affairs. Therefore, if the conference takes place, Great Britain will partake therein with the proviso that the scope of the conference must first be clearly defined.

TWO MEN UNDER ARREST.

Accused of Torturing a Woman and Robbing a Postoffice.

Fargo, N. D., June 19.—Peter L. Schultheis and Charles McLaughlin, farmers in Richland county, have been arrested on a charge of postoffice robbery at Theede, eight miles from Hankinson, last March. Mr. and Mrs. Engles, who own a farm, had charge of the postoffice. Both are over sixty years old. Engles was in Hankinson March 7 and secured a sum of money. That night four men broke into the Engles home, bound and gagged the aged couple and threatened the lives of both to force them to tell where the money was hidden. Falling in this, they tortured Mrs. Engles by burning the soles of her feet. Engles made a dash for liberty and escaped in the darkness. The robbers fled.

KILLED BY A LIVE WIRE.

Two Italians Electrocuted at Kenosha, Wis.

Kenosha, Wis., June 19.—Vincenzo and Antonio Petrocci, Italians, aged eighteen and twenty years, were instantly killed Sunday morning by touching a live wire.

The wire was a guy protecting a pole on which had been hung the wires connected with the street lamps. The younger boy took hold of the wire and fell back dead. The older boy, showing a crowd how the accident occurred, touched the wire and was instantly killed.

The coroner called in three expert linemen to make an examination of the wires.

AS KING OF NORWAY.

Swedish Riksdag May Accept King Oscar's Third Son.

London, June 19.—The Copenhagen correspondent of the Daily Mail says he learns on excellent authority that the majority of the members of the Swedish riksdag are ready to accept King Oscar's third son, Prince Karl, as king of Norway, provided the Norwegian government shall demolish the fortifications on the frontier and enter into an arbitration treaty with Sweden.

Lake Steamer Sunk in Collision.

Sault Ste. Marie, Mich., June 19.—During a thick fog the steel freight steamers Etruria and Amasa Stone collided Sunday, ten miles off Presque Isle light in Lake Huron. The Etruria was damaged so badly that she sank within a few minutes, her crew narrowly escaping with their lives. The Amasa Stone was not badly damaged.

FATAL SHOOTING AFFRAY.

Three Men Killed During a Quarrel in Missouri.

Poplar Bluff, Mo., June 19.—As the result of a quarrel among members of a fishing party on the Dane river, ten miles south of here, Charles Booth, Charles Vanderpool and Cleveland Parrett were shot and killed.

Booth, it is said, commenced shooting at Vanderpool, who returned the fire. Booth was shot in the left side and instantly killed; Vanderpool received two bullets in the stomach and one in the lungs, dying in a few minutes. Parrett was struck by a stray bullet.

THREATENING FLOOD DAMAGE.

Mississippi River Again on the Rise in Iowa.

Des Moines, Ia., June 19.—The Mississippi river, swollen by heavy rains in the north, is again threatening flood damage. The river is rising at the rate of an inch per hour at Muscatine and Clinton and fields are being inundated on the Illinois side.
